OUR REPORTS ARE AVAILABLE FROM FONTEERRA.COM/NZ/EN/INVESTORS.HTML
Dear unit holders,
Fonterra has delivered a strong financial result in 2023, and consequently distributions back to the Fonterra Shareholders’ Fund (the Fund), and you as a unit holder, have improved.

Normalised earnings per share came in at the top of the range at 80 cents per share and with these higher earnings and a strengthened balance sheet, Fonterra declared a final dividend of 40 cents per share. As a result, unit holders will receive a final distribution of 40 cents per unit. The record date for the final distribution is 28 September 2023 and the payment date is 13 October 2023.

When combined with the interim distribution of 10 cents per unit in April and the 50 cents per unit capital return in August, this is a total cash distribution of $1.00 per unit during 2023.

Over the past two years, the Fund has been impacted by the uncertainty around Fonterra’s capital restructure consultation. This concluded during the year with the implementation of the Co-op’s new Flexible Shareholding structure in March 2023.

While this was a disruptive period for unit holders and shareholders, the FSF unit price has increased 51 cents, or 17%, over the financial year from an opening price of $3.02 per unit on 1 August 2022 to a closing price of $3.53 per unit on 31 July 2023. During the same period the NZX50 declined just under 2%.

Since the end of the financial year Fonterra has completed the capital return process and the unit price has adjusted to reflect the return of capital to shareholders and unit holders.

The Fund, and the Board of FSF Management Company Limited (FSF Management) that oversees it, have no direct involvement in Fonterra’s operations. However, as a holder of Economic Rights in Fonterra Co-operative Group Limited (Fonterra) the performance of the Fund is tied directly to Fonterra’s performance. The Board of FSF Management reviewed the specific areas of focus in monitoring the interests of unit holders during the year and liaises regularly with Fonterra in raising relevant matters.
Business performance for the 2023 financial year

Fonterra’s profit after tax increased $994 million to $1.58 billion. Excluding minority interests this is equivalent to 95 cents per share, up from 36 cents per share in the comparable period. Fonterra’s profit after tax performance reflects a $1.3 billion increase in gross profit to $4.6 billion. The increase in gross profit was mainly due to favourable product margins in Fonterra’s Ingredients channel, in particular, protein and cheese products across multiple markets. The Foodservice channel earnings also improved as in-market product prices adjusted to reflect the higher cost of milk over recent years. However, market conditions for Fonterra’s businesses in the Consumer channel remain challenging, and earnings were down due to impairments on Fonterra’s New Zealand consumer business and on Fonterra’s Asia Brands – Anlene™, Anmum™ and Chesdale™.

Fonterra’s Total Group operating expenses increased $344 million to $2.8 billion, mainly due to inflationary pressure and impairments of $252 million. Excluding the net gain on divestments, Fonterra’s normalised profit after tax was up $738 million to $1.33 billion, and excluding minority interests this is equivalent to 80 cents per share.

It is pleasing to see Fonterra’s operating environment continue to improve following the pandemic, and with its global supply chain network stabilising and slowly returning to normal, Fonterra’s inventory levels at year end have improved. Year end net debt was $3.2 billion, $2.1 billion lower due to the improved inventory levels, increased earnings and the sale of Soprole for aggregate proceeds before tax, hedging and transaction costs of $1.3 billion – of which $804 million was returned to shareholders and unit holders on 18 August 2023, and was provided for in the year end net debt amount.

2024 financial year outlook

Looking at the 2024 financial year, it has started with reduced demand for whole milk powder from key importing regions and this has impacted the outlook for Fonterra’s Farmgate Milk Price, with a 2023/24 forecast range currently of $6.00 - $7.50 per kgMS, with a midpoint of $6.75.

The lower Farmgate Milk Price does mean the cost of milk flowing into Fonterra’s Foodservice and Consumer businesses will assist improved margins in these channels. In addition, the favourable price relativities that Fonterra experienced across FY23, while having reduced from their peaks, are still favourable.

As such, Fonterra’s forecast FY24 earnings are 45-60 cents per share.

Fonterra’s CEO, Miles Hurrell, believes over the long-term, the outlook for New Zealand dairy remains positive. Demand for sustainable nutrition is continuing to grow and by implementing Fonterra’s strategic plan they are well positioned to meet this demand.

Mr Hurrell has also noted Fonterra’s intention to accelerate plans to extract more value from its milk by refining its innovation portfolio and investing in new areas for growth.

Fonterra intends to provide an update on its long-term strategy early in calendar year 2024, which will further detail Fonterra’s market context and plans to 2030 and beyond.

For further information on Fonterra’s 2023 financial performance, I encourage you to visit Fonterra’s investor relations webpage.

Mary Jane Daly

Chair Report CONTINUED
Our Board

Mary Jane Daly
Independent Director appointed by unit holders
Mary Jane Daly was appointed to the FSF Board in November 2020. She was appointed as Chair in November 2022.
Mary Jane is a professional director with a wide range of experience across a number of industries. Her executive background is in banking and finance in a variety of roles both in New Zealand and the UK.
Mary Jane is Chair of AIG Insurance New Zealand Limited, a Member of the Risk & Advisory Committee at the Ministry of Business, Innovation and Employment, and an Independent Director of Kiwibank Limited, and Kiwi Property Group Limited. Previous governance roles have included Cigna Life Insurance New Zealand, the Earthquake Commission, OnePath Life, Airways Corporation, Auckland Transport and the NZ Green Building Council. Her last corporate executive role was leading State Insurance.
BCom, MBA

Carlie Eve
Independent Director appointed by unit holders
Carlie Eve was appointed to the FSF Board in November 2022.
Carlie has over 25 years’ experience in financial markets and the corporate sector. She has held executive roles across equity research, investment banking, investor relations, corporate strategy and funds management.
Carlie is currently Chair of the Diocesan School Heritage Foundation and a Director of Kiwi Property Group Limited, and was previously a Director of Hobsonville Land Company Limited.
BSc, BCom
Our Board CONTINUED

Alastair Hercus
Independent Director appointed by unit holders
Alastair Hercus was appointed to the FSF Board in November 2022. Alastair has been a Partner at Buddle Findlay, a leading corporate law firm, since 1995, following an earlier career as a diplomat in the Ministry of Foreign Affairs and Trade. He has significant professional experience working with co-operatives and primary sector businesses, and in corporate governance and economic regulation. He is an experienced director, particularly in the co-operative and mutual sector. He is a former Deputy Chair of the Medical Assurance Society and is currently Chair of Co-operative Life Limited.
In the public sector he is a Commissioner at Toka Tū Ake EQC, a Director of Invercargill Airport Limited and Chair of the Risk & Advisory Committee at the Ministry of Business, Innovation and Employment.
BA (Hons), LLB

Andy Macfarlane
Appointed to the Board of the Manager by Fonterra
Andy Macfarlane was elected to the Fonterra Board in 2017, and has served on the FSF Board since February 2019. Andy was a farm management consultant for 38 years and is a past President of the New Zealand Institute of Primary Industry Management (NZIPIM). He is a Director of ANZCO, chairs the SFFF Plantain Project and Edgewater Hotel Lake Wanaka and is a member of the International Farm Management Association (IFMA). Andy is a previous Director of Ngai Tahu Farming Limited and AgResearch, past Chair of Deer Industry New Zealand, and served on the council of Lincoln University for 12 years.
Andy and his wife Tricia commenced farming in 1989 and live near Ashburton. His shareholding interests are in Canterbury. He has a strong interest in the governance of food processing and manufacturing, research and development, and strategic use of technology in the farming sector.
B.Agr.Sc

John Nicholls
Appointed to the Board of the Manager by Fonterra
John Nicholls was elected to the Fonterra Board in 2018, and joined the FSF Board in November 2022. John is an experienced company director, and is the current chair of MHV Water, New Zealand’s largest intergenerational irrigation co-operative. As the owner of several mid-Canterbury dairy farms forming part of the Rylib Group, John is highly focused on investing in and mentoring the next generation of farmers in New Zealand and safeguarding the sustainability of farming for the long term. He brings professionalism, cost consciousness and a strategic mindset to governance, ensuring that business operations align with core strategy and are consistently adding value.
John served on the Fonterra Co-operative Council from 2009 to 2011.

Manager's Statement
FOR THE YEAR ENDED 31 JULY 2023

FSF Management Company Limited (the Manager) presents to the unit holders the financial statements for the Fonterra Shareholders' Fund (the Fund) for the year ended 31 July 2023.

The Manager is responsible for presenting financial statements for each financial year which fairly present the financial position of the Fund and its financial performance and cash flows for that period.

The Manager considers the financial statements of the Fund have been prepared using accounting policies which have been consistently applied and supported by reasonable judgements and estimates, and that all relevant financial reporting and accounting standards have been followed.

The Manager believes that proper accounting records have been kept which enable, with reasonable accuracy, the determination of the financial position of the Fund and facilitate compliance of the financial statements with the Financial Markets Conduct Act 2013 and the Fonterra Shareholders' Fund Trust Deed.

The Manager considers that it has taken adequate steps to safeguard the assets of the Fund, and to prevent and detect fraud and other irregularities.

The Manager approves and authorises for issue the financial statements for the year ended 31 July 2023 presented on pages 9 to 19.

For and on behalf of the Board of the Manager:

Mary Jane Daly
Chair
FSF Management Company Limited

The accompanying significant accounting policies and notes form part of these financial statements.
a) General Information

The Fonterra Shareholders' Fund (FSF or the Fund) is a New Zealand managed investment scheme established to be the ‘Authorised Fund’ referred to in Fonterra’s Constitution. It is an FMC Reporting Entity registered under the Financial Markets Conduct Act 2013 and its governing document is the Fonterra Shareholders’ Fund Trust Deed (the Trust Deed) dated 23 October 2012 (as amended) and has a life of 80 years. Under the Trust Deed, the Fund may invest only in authorised investments, which are the Economic Rights of Fonterra shares (Economic Rights), and issue units to investors. It may not invest directly in Fonterra shares (Shares).

The Fund is listed on the NZX Main Board operated by NZX Limited and as a Foreign Exempt Listing on the Australian Securities Exchange operated by ASX Limited. The activities of the Fund and the issue of units to the public are managed by FSF Management Company Limited (the Manager). The immediate and ultimate parent of the Fund is Fonterra Co-operative Group Limited (Fonterra, or the Co-operative).

The New Zealand Guardian Trust Company Limited (the Trustee) acts as the trustee for the Fund. The Economic Rights assets are held on trust for the Trustee under the Fonterra Economic Rights Trust by Fonterra Farmer Custodian Limited (the Custodian). The trustees of the Fonterra Farmer Custodian Trust also hold one unit known as the Fonterra unit.

The registered office of the Manager is 109 Fanshawe Street, Auckland Central, Auckland 1010, New Zealand.

The financial statements were authorised for issue by the Manager on 20 September 2023.

Fonterra financial statements

Investors are encouraged to read the financial statements of Fonterra, together with the financial statements of the Fund, given that the performance of the Fund is driven by the performance of Fonterra. The Fonterra financial statements can be found at www.fonterra.com in the ‘Investors/Results & Reporting’ section.

Fonterra’s capital structure review

At a Special Meeting held on 9 December 2021, Fonterra shareholders voted in favour of capital structure related amendments to Fonterra’s Constitution that would give effect to the Flexible Shareholding structure (Flexible Shareholding). Fonterra transitioned to Flexible Shareholding on 28 March 2023.

Since 6 May 2021 when Fonterra commenced consultation on its capital structure review and capped the Fund, the ability for the Fund to acquire Economic Rights and issue units to investors (i.e. to exchange shares for units) on a day-to-day basis has been suspended. This remains, as a capped Fund is a feature of Flexible Shareholding. Under the Constitution, the Fonterra Board retains its current rights to regulate this process. If, in the future, the Board considered it was appropriate to increase the Fund size, it could do so up to the overall limit specified in the Constitution.

Flexible Shareholding caps the overall Fund size at 10% of the total number of Fonterra shares on issue. As at 31 July 2023, the Fund size is 6.7% (31 July 2022: 6.7%).

On 8 June 2022 Fonterra announced that it would allocate up to $50 million to an on-market share buyback programme, commencing 30 June 2022. This $50 million buyback ended on 27 March 2023. On 16 March 2023, Fonterra announced further details of the “Transitional Buyback” which commenced on 28 March 2023 and ended on 9 June 2023. The Transitional Buyback is aimed at supporting liquidity in the Fonterra Shareholders’ Market (FSM) as shareholders transition to the new Flexible Shareholding capital structure.

During the year ended 31 July 2023 Fonterra had bought back 3,530,916 shares at a total cost of $9 million (31 July 2022: 532,294 shares at total cost of $1 million) under the $50 million buyback, and 50,000 shares at a total cost of $0.1 million under the Transitional Buyback. The buybacks have not had a material impact to the Fund size percentage.

Units continue to be available on the NZX and ASX to buy and sell and unit holders continue to be eligible to receive distributions.

Information about Fonterra’s capital structure review is available in the ‘Investors/Capital Structure’ section of Fonterra’s website.

As the Fund is retained under Flexible Shareholding, and Fonterra has no current intention to buy back the Fund, these financial statements have been prepared on a going concern basis.
Significant Accounting Policies CONTINUED
FOR THE YEAR ENDED 31 JULY 2023

a) General Information CONTINUED

Activities
The principal activity of the Fund is to acquire and hold Economic Rights and issue units to investors to allow investors in the Fund an opportunity to earn returns based on the financial performance of Fonterra. As reflected in the previous section, the ability to exchange shares for units is suspended under Flexible Shareholding.

Economic Rights and units
One Economic Right represents the right to receive dividends and other economic benefits derived from a fully paid share in Fonterra. This does not include the right to hold legal title to the share or to exercise voting rights in Fonterra.

A unit constitutes an undivided interest in the Fund. The Fund is designed to have the effect that each unit on issue in the Fund will represent the Economic Right derived from a single share in Fonterra.

Key attributes of Economic Rights
- The right to receive a distribution equivalent to any dividend declared by the Fonterra Board (before PIE tax, withholding tax or other tax on distribution).
- The right to participate in other transactions in respect of Fonterra shares such as bonus issues, rights issues or buybacks.
- The right to share in any surplus on liquidation of Fonterra.

Key rights and restrictions of unit holders
- Unit holders will be entitled to have passed through to them an amount equal to any dividend payable in relation to a share in Fonterra (less any PIE tax, withholding tax or any other adjustments for tax in relation to that unit holder).
- If Fonterra reconstructs or adjusts its shares, an equivalent reconstruction or adjustment will be made in respect of units.
- If Fonterra makes bonus issues or rights issues of shares to its shareholders, corresponding issues of units will be made to unit holders.
- If there is an offer to acquire shares held by the Custodian, the Fund will seek instructions from unit holders as to whether the offer should be accepted. If a unit holder directs the Fund to accept the offer, the Fund will redeem units from such unit holder and accept the offer for shares in proportion to that direction. The amount received from the sale of the shares will be paid by the Fund to the unit holder.
- Unit holders are entitled to attend and vote at unit holder meetings and to elect three Directors of the Manager of the Fund. The additional two Directors of the Manager of the Fund are appointed by Fonterra.
- Unit holders do not have any right to attend or vote, or request the Custodian to attend or vote, at any meeting of Fonterra farmer shareholders.

Key rights of the Fonterra unit holder
- The Trust Deed cannot be amended without the prior approval of the holder of the Fonterra unit if that amendment would change the governance structure of the Board of the Manager, the scope and role of the Fund, the exchange mechanism for units and Economic Rights and the individual fund size restrictions.
- In other respects, the holder of the Fonterra unit has the same rights as any other unit holder.
b) Basis of Preparation

These financial statements comply with New Zealand Equivalents to International Financial Reporting Standards (NZ IFRS) and have been prepared in accordance with Generally Accepted Accounting Practice (GAAP) applicable to for-profit entities. These financial statements also comply with International Financial Reporting Standards (IFRS).

These financial statements are prepared on a historical cost basis, except for Economic Rights and amounts attributable to unit holders which have been measured at fair value.

These financial statements are presented in New Zealand dollars ($), which is the Fund’s functional and presentation currency, and rounded to the nearest million, except where otherwise stated.

The same accounting policies are followed in these financial statements as were applied in the financial statements for the year ended 31 July 2022.

The preparation of financial statements requires the Manager to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions of accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The judgement that has the most significant effect on the amounts recognised in the financial statements relates to the valuation of the Economic Rights of Fonterra Shares. The valuation approach used for the Economic Rights is described in Note 1.

c) Operating Segments

The Fund’s investments only include Economic Rights assets and the Fund’s performance is evaluated on an overall basis. Therefore, the Fund is a single-segment entity.

All of the Fund’s income is from investments in the Economic Rights.

The internal reporting provided to the Board of the Manager, which is the Fund’s chief operating decision maker, for the Fund’s assets, liabilities and performance is prepared on a consistent basis with the measurement and recognition principles of NZ IFRS. The Board of the Manager reviews the Fund’s internal reporting in order to assess the performance and position of the Fund.

d) Dividend Income

Dividend income from investments in Economic Rights is recognised in profit or loss on the date that the right to receive payment of the dividend is established, when it is probable that the economic benefits will flow to the Fund and the amount of the dividend can be reliably measured.

e) Distributions to Unit Holders

Distributions payable to unit holders are recognised in profit or loss as finance costs in the period in which they are declared by the Board of the Manager.

f) Financial Assets and Financial Liabilities

A financial asset or liability is recognised when the Fund becomes a party to the contractual provisions of the asset or liability (i.e. trade date).

Financial assets are derecognised if the Fund’s contractual rights to the cash flows from the financial assets expire or if the Fund transfers the financial asset to another party without retaining control or substantially all risks and rewards of the asset. Financial liabilities are derecognised if the Fund’s obligations specified in the contract expire or are discharged or cancelled.

Economic Rights of Fonterra shares

The Economic Rights of Fonterra shares are measured at fair value. Changes in fair value are recognised as investment income or expense in profit or loss. The Economic Rights are a current asset.

Amounts attributable to unit holders

The Fund has an obligation to repurchase units from Farmers, the Registered Volume Providers and Fonterra, therefore the amounts attributable to unit holders is a financial liability. It is presented as a financial liability because it does not meet the limited set of criteria that would allow it to be presented as equity. The amounts attributable to unit holders is a current liability.

The Fund manages its amounts attributable to unit holders on a fair value basis. Therefore, the Fund has elected to measure the amounts attributable to unit holders at fair value. Changes in fair value are recognised as finance costs in profit or loss.
g) Tax
The Fund has elected to be a ‘foreign investment variable-rate Portfolio Investment Entity’ for New Zealand income tax purposes. Due to this election, income is effectively taxed in the hands of the unit holders and therefore the Fund has no tax expense, current tax payable or deferred tax assets or liabilities.

The Fund will attribute PIE income (being Fonterra dividends) to unit holders and pay tax on that income at each relevant unit holder’s nominated prescribed investor rate (PIR), being their applicable tax rate, subject to the option to apply the non-resident withholding tax rules in respect of Notified Foreign Investors. When the Fund receives Fonterra dividends the Fund will retain an amount from dividends distributed to a unit holder to satisfy the PIE (or withholding) tax liability in relation to that unit holder and pay amounts owing direct to the IRD. It is not anticipated that the Fund will have a PIE tax loss or excess tax credits which will be attributed to unit holders.

h) New Standards and Interpretations
Standards issued but not yet effective
No new or amended standards and interpretations that became effective for the year ended 31 July 2023 have had a material impact to the Fund.
Notes to the Financial Statements
FOR THE YEAR ENDED 31 JULY 2023

1 Financial Risk Management
The Fund was primarily established to invest in Economic Rights and issue units to investors. As such its only investment comprises of Economic Rights. Through the holding of this investment, the Fund has limited net exposure to market price risk and liquidity risk. The Fund has no direct exposure to interest rate, foreign exchange or credit risk. The risk management policies employed by the Fund are discussed below.

Market price risk
Market price risk is the risk that the value of an instrument will fluctuate as a result of changes in market prices, whether caused by factors specific to an individual instrument, its issuer or factors affecting all instruments traded in the market.

The Fund's financial instruments primarily comprise of investments in the Economic Rights and amounts attributable to unit holders which are not carried at fair value with fair value changes recognised in profit or loss. Both of these instruments are exposed to market price risk. Any change in the market price of the units will result in an equal and opposite change in the market price of the Economic Rights. Hence, no impact on profit or loss in the Statement of Comprehensive Income is expected due to changes in market prices.

Liquidity risk
Liquidity risk is the risk that the Fund will not be able to meet its financial obligations as they fall due. The Fund is not exposed to cash redemptions and only certain parties are permitted to redeem their units. Where permitted parties redeem units, the Fund will transfer one Economic Right for each unit redeemed to meet the redemption. Unit holders will not otherwise have the ability to redeem their units or exchange them for Shares. Hence, the Fund does not have significant liquidity risk.

Financial instruments fair value
The Fund measures the Economic Rights and amounts attributable to unit holders at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Fund uses the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted price (unadjusted) in an active market for an identical instrument.
- Level 2: Valuation techniques based on observable inputs, either directly (i.e. as prices) or indirectly (i.e. derived from prices). This category includes instruments valued using: quoted prices in active markets for similar instruments; quoted prices for identical or similar instruments in markets that are considered less than active; or other valuation techniques for which all significant inputs are directly or indirectly observable from market data.
- Level 3: Valuation techniques using significant unobservable inputs. The Fund has no Level 3 instruments.

The Fund's amounts attributable to unit holders is a Level 1 instrument as the unit price is quoted on the NZX Main Board, which is considered to be an active market. The Manager considers market prices to be the most representative measure of fair value as they are used by market participants as a practical expedient for fair value measurement.

Where there is a bid and ask price, the Fund uses the price within that range that is most representative of fair value. Where the last traded price is within that range, the Fund uses the last traded price as fair value. Where the last traded price falls outside that range the Fund uses the mid-point between the bid and ask prices.

The market is monitored on an on-going basis to confirm that it remains active for the purposes of establishing fair value.

Economic Rights are Level 2 instruments as Economic Rights are not listed and there is no active market for Economic Rights assets. Economic Rights are valued using the quoted price of units (which are considered to be a materially comparable instrument) in the Fund listed on the NZX Main Board. The validity of assumptions relating to the comparability between a unit and an Economic Right has been considered in the context of Fonterra's capital structure review and remains appropriate.

There have been no transfers between the categories in the fair value hierarchy during any of the periods presented.

Capital risk management
The Fund manages its amounts attributable to unit holders as capital, notwithstanding that amounts attributable to unit holders is classified as a financial liability.

While the Fund is capped under Flexible Shareholding, Fonterra continues to monitor the Fund size, relative to total Co-operative shares on issue. Under Flexible Shareholding the aggregate number of Co-operative Shares which are at any time the subject of Fund Arrangements shall not exceed an amount (“Overall Limit”) equal to 10% of the total number of Co-operative Shares on issue.
2 Economic Rights of Fonterra Shares

The Economic Rights are held on trust for the Fund by the Custodian under the Fonterra Economic Rights Trust.

</tr>
</tbody>
</table>

1 The amounts attributable to unit holders is measured at fair value, calculated as the number of units on issue multiplied by the unit market price at 31 July 2023 of $3.53 (31 July 2022: $3.02). The value after reflecting fair value movements during the year ended 31 July 2023 is $379 million (31 July 2022: $324 million). The presented value is reduced at 31 July 2023 to $325 million by the capital return receivable on units of $54 million (refer to Note 6: Fonterra’s Capital Return).

2 Included in the total number of units is one Fonterra unit, held by the Fonterra Farmer Custodian Trust, which was issued at inception of the Fund.

5 Net Assets per Security

As at 31 July 2023, the net assets per unit on issue was $3.53 (31 July 2022: $3.02).

6 Fonterra’s Capital Return

As at 31 July 2023 the Fund has recognised both an asset and liability of $54 million in relation to Fonterra’s capital return receivable and the payable to unit holders. The capital return was paid on 18 August 2023 (refer to Note 9 Subsequent Events).

The capital return receivable and payable adjusts the presented value of the Economic Rights of Fonterra shares and Amounts attributable to unit holders respectively, recognising that it is a return of capital.

7 Commitments and Contingent Liabilities

The Fund has no material commitments or contingent liabilities as at 31 July 2023 (31 July 2022: nil).

8 Related Parties

FSF Management Company Limited

FSF Management Company Limited is the Fund’s Manager whose sole role is to manage the Fund and its property as a passive investment vehicle under the Trust Deed. Under the Trust Deed, the Manager is not entitled to any fees in respect of its services.

Key Management Personnel

Key Management Personnel (KMP) are those people with the responsibility and authority for planning, directing and controlling the activities of an entity. As the Fund does not have any employees or directors, Key Management Personnel are considered to be the Directors of the Manager.

As at 31 July 2023 150,541 units with a value of $531,410 were held by KMP (31 July 2022: 192,192 units with a value of $580,420). The change in number of units held by KMP relates to the following transactions:

- An acquisition of 3,500 units through a new investment (31 July 2022: nil);
- An increase of 930 units from existing holdings of new directors classified as KMP (31 July 2022: nil);
- A reduction of 45,151 units due to retiring directors no longer classified as KMP (31 July 2022: nil); and
- A disposal of 930 units from an on-market sale (31 July 2022: nil).

At 31 July 2023 capital return payable to KMP was $75,271 (31 July 2022: nil).

Fonterra Co-operative Group Limited

Under the Authorised Fund Contract, Fonterra provides administrative services in relation to the Fund for the Manager and meets the operating expenses of the Fund, including the fees of the Directors of the Manager.

The Manager and the Trustee have agreed that Fonterra will meet the day-to-day operating costs of the Fund. In addition, the Fund will use corporate facilities, support functions and services provided by Fonterra. All of these services will be provided at no cost to the Fund.

There are some costs that will not be covered by Fonterra. These principally relate to circumstances where the Manager has breached certain obligations or seeks to bring claims outside the ambit of those which Fonterra has undertaken to pay. In these circumstances, the Manager would have to seek funding from other sources. This could include seeking a resolution of unit holders that they agree to bear the relevant costs through a deduction from distributions that would otherwise be made by the Fund.
Notes to the Financial Statements CONTINUED
FOR THE YEAR ENDED 31 JULY 2023

8 Related Parties CONTINUED

**Contract Fee for Units Scheme**

Fonterra's Contract Fee for Units Scheme is no longer available to new participants, but will continue to hold units for existing participants. Under Fonterra’s Contract Fee for Units Scheme, Fonterra provided services and financial assistance to The New Zealand Guardian Trust Company Limited, as trustee of The Contract Fee Trust, to acquire, on market, and hold units on behalf of Fonterra’s contract milk suppliers participating in the Scheme. The purchase of units under the Contract Fee for Units Scheme was put on hold from 6 May 2021 as part of Fonterra’s capital structure review and, as noted above, is no longer available to new participants.

During the year ended 31 July 2023 on behalf of Fonterra’s contract milk suppliers participating in Fonterra’s Contract Fee for Units Scheme, The New Zealand Guardian Trust Company Limited, as trustee:
- Sold no units (31 July 2022: 39,209 units for $0.1 million); and
- Distributed 559,847 units to contract milk suppliers (31 July 2022: 246,503 units).

**Fonterra Farmer Custodian Limited**

The Fund has appointed Fonterra Farmer Custodian Limited, a subsidiary of Fonterra, to provide custodian services. The Economic Rights are held on trust for the Trustee by the Custodian under the Fonterra Economic Rights Trust. Custodian services are provided at no cost to the Fund.

As at 31 July 2023, the Custodian holds 107,410,984 (31 July 2022: 107,417,322) Fonterra shares on trust for the Fund.

**Fund expenses**

Fonterra, the Manager, the Trustee and the Custodian have entered into the Authorised Fund Contract, which authorises the Fund to operate as an Authorised Fund and regulates the relationship between Fonterra and the Fund.

Under the Authorised Fund Contract all expenses relating to the Fund are incurred and paid by either Fonterra or the Manager. The costs of running the Fund include services by Fonterra for which there is no payment made, as well as services for which the Fund contracts to third parties.

Included within the total expenses incurred and paid by Fonterra during the year ended 31 July 2023 with respect to the Fund are the following amounts paid to KPMG, appointed as auditor of the Fund:
- Fees for the annual audit of the financial statements of $27,000 (31 July 2022: $24,000);
- Fees for the review of the interim financial statements of $11,000 (31 July 2022: $10,000); and
- Fees for other audit related services comprising agreed upon procedures for Annual Meeting voting of $4,000 (31 July 2022: $4,000).

KPMG has not provided any non-audit related services during the year ended 31 July 2023 (31 July 2022: nil).

1  This was distributed on to unit holders on 14 April 2023 and represented a cash distribution of 10.0 cents per unit. The Distribution Reinvestment Plan did not apply to this distribution.
2  This was distributed on to unit holders on 14 October 2022 and represented a cash distribution of 15.0 cents per unit. The Distribution Reinvestment Plan did not apply to this distribution.
3  This was distributed on to unit holders on 14 April 2022 and represented a cash distribution of 5.0 cents per unit. The Distribution Reinvestment Plan did not apply to this distribution.
4  This was distributed on to unit holders on 15 October 2021 and represented a cash distribution of 15.0 cents per unit. The Distribution Reinvestment Plan did not apply to this distribution.

9  Subsequent Events

Declaration of distribution

On 20 September 2023, the Board of Directors of Fonterra declared a dividend of 40 cents per share. Following Fonterra’s dividend declaration, the Board of the Manager declared a distribution of 40 cents per unit for the year ended 31 July 2023. The distribution will be paid on 13 October 2023 to the unit holders on the register at 28 September 2023.

The Distribution Reinvestment Plan does not apply to this distribution.

Capital return distribution

On 26 July 2023, Fonterra shareholders approved the capital return of $804 million to Fonterra shareholders and unit holders, which was subsequently paid on 18 August 2023. The payment of $54 million to the Custodian was paid directly to the unit holders on the register at 9pm on 16 August 2023. One in every six shares held by the Custodian was repurchased and cancelled, and at the same time each share not repurchased was subdivided. As a result, the number of shares held by the Custodian remains the same as before the capital return. There was no change to the number of units on issue.

Changes in unit price

Units are traded on the NZX and ASX and accordingly the unit price changes regularly, including during the period between balance date and the date these financial statements were authorised for issue. Changes in the market price of the units result in a corresponding change in the value of the Economic Rights asset held by the Fund. Daily unit prices are available on the NZX website.
Independent Auditor’s Report
FOR THE YEAR ENDED 31 JULY 2023

To the unit holders of Fonterra Shareholders’ Fund

Report on the audit of the financial statements

Opinion
In our opinion, the financial statements of Fonterra Shareholders’ Fund (the ‘Fund’) on pages 9 to 19 present fairly, in all material respects the Fund’s financial position as at 31 July 2023 and its financial performance and cash flows for the year ended on that date in accordance with New Zealand Equivalents to International Financial Reporting Standards.

We have audited the accompanying financial statements which comprise:
– the statement of financial position as at 31 July 2023;
– the statements of comprehensive income, changes in amounts attributable to unit holders and cash flows for the year then ended; and
– notes, including a summary of significant accounting policies.

Basis for opinion
We conducted our audit in accordance with International Standards on Auditing (New Zealand) (‘ISAs (NZ)’). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with Professional and Ethical Standard 1 International Code of Ethics for Assurance Practitioners (Including International Independence Standards) (New Zealand) issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants’ International Code of Ethics for Professional Accountants (including International Independence Standards) (‘IESBA Code’), and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Our responsibilities under ISAs (NZ) are further described in the Auditor’s responsibilities for the audit of the financial statements section of our report.

Other than in our capacity as auditor we have no relationship with, or interests in, the Fund.

Materiality
The scope of our audit was influenced by our application of materiality. Materiality helped us to determine the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements, both individually and on the financial statements as a whole. The materiality for the financial statements as a whole was set at $3.8 million determined with reference to a benchmark of the Fund’s total assets. We chose the benchmark because, in our view, this is a key measure of the Fund’s performance.

Key audit matters
Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements in the current period. The Fund only invests in Economic Rights of Fonterra Shares (Economic Rights). The value of the Economic Rights is based on the price of the Units in the Fund which are quoted on the NZX Main Board. Given the nature of the Fund’s operations, we determined that there were no key audit matters to communicate in our report.

Other information
The Manager, on behalf of the Fund, are responsible for the other information included in the entity’s Annual Report. Other information includes the Chair report, Statutory Information, Corporate governance statement and Directory. Our opinion on the financial statements does not cover any other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.
Independent Auditor’s Report CONTINUED
FOR THE YEAR ENDED 31 JULY 2023

Use of this independent auditor’s report
This independent auditor’s report is made solely to the unit holders as a body. Our audit work has been undertaken so that we might state to the unit holders those matters we are required to state to them in the independent auditor’s report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the unit holders as a body for our audit work, this independent auditor’s report, or any of the opinions we have formed.

Responsibilities of the Manager for the financial statements
The Manager, on behalf of the Fund, are responsible for:
– the preparation and fair presentation of the financial statements in accordance with generally accepted accounting practice in New Zealand (being New Zealand Equivalents to International Financial Reporting Standards);
– implementing necessary internal control to enable the preparation of a set of financial statements that is free from material misstatement, whether due to fraud or error; and
– assessing the ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate or to cease operations or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements
Our objective is:
– to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error; and
– to issue an independent auditor’s report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (NZ) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of these financial statements is located at the External Reporting Board (XRB) website at:
This description forms part of our independent auditor’s report.

The engagement partner on the audit resulting in this independent auditor’s report is Graeme Edwards.

NZX Waivers
A summary of waivers and approvals granted by NZ RegCo in relation to the NZX Listing Rules, which have been relied upon by the Fund in the year ended 31 July 2023, can be found at www.fonterra.com in the ‘Investors/Fonterra Shareholders’ Fund’ section under the heading ‘Exchange Waivers’.

NZX Non-Standard Designation
The Fonterra Shareholders’ Fund has been granted a ‘Non-Standard’ (‘NS’) designation by NZ RegCo. This designation was granted because of the unique governance arrangements and unit holder restrictions.

ASX Listing
The Fund has an ASX Foreign Exempt Listing with ASX Limited which means the Fund is primarily regulated by the NZX Listing Rules and is to be exempt from complying with most of the ASX Listing Rules.
Corporate Governance Statement

For the year ended 31 July 2023

Background

The Fund is a registered managed investment scheme under the Financial Markets Conduct Act 2013. The Fund is required to have a supervisor (trustee) and a manager. The role of the trustee is to hold the economic benefit of shares held by the Fonterra Farmer Custodian for the benefit of the trustee of the Fund. The role of the Manager is to issue or offer units in the Fund and to manage the property of the Fund.

The Manager does not have any employees. Under the Authorised Fund Contract, Fonterra has agreed to provide the Fund with administrative services and to meet the costs of the general business of the Fund, including paying the fees and expenses of the Directors.

The Trust Deed defines a narrow function of the Fund which is, in summary to:

- issue units when new Economic Rights of Fonterra shares are held for the benefit of the Fund;
- redeem units when required by a farmer shareholder, Fonterra or the registered volume providers and direct that the Fonterra Farmer Custodian transfers Fonterra shares to the farmer shareholder, Fonterra or the Fonterra Farmer Custodian on behalf of the registered volume providers seeking that redemption; and
- not undertake other trading activities.

The Fund is to be ‘passive’, i.e., it does not actively solicit Economic Rights or the redemption of units except for undertaking the initial supply offer.

Corporate Governance Principles

The Board’s corporate governance statement takes into consideration contemporary standards in New Zealand and Australia, incorporating principles and guidelines issued by the Financial Markets Authority, the NZX Corporate Governance Code 1 April 2023 (NZX Code) and the ASX Corporate Governance Council Principles and Recommendations (ASX Principles).

This corporate governance statement adopted by the Board is current as at September 2023 and reflects the Board’s role as a manager of a fund with limited operational activity, which in several ways is different to the corporate governance structure appropriate for a traditional listed company carrying on an operating business.

Given the special purpose nature of the Fund, as at 31 July 2023, the Manager has determined that a number of the recommendations in the NZX Code and the ASX Principles are not appropriate for the Fund or are not relevant.
Corporate Governance Statement CONTINUED
FOR THE YEAR ENDED 31 JULY 2023

In accordance with the NZX Listing Rules, the Manager has disclosed in this corporate governance statement a summary of the corporate governance policies, practices and processes adopted or followed during the year ended 31 July 2023 or explained why the Manager has decided to not comply with a particular recommendation (or part thereof) of the NZX Code. References to ‘Board’ and ‘Directors’ in this statement are to the Board and Directors of the Manager. The Board of the Manager has approved this corporate governance statement.

Principle 1: Ethical Standards

Code of Conduct
The Manager has a well-established Code of Conduct that, together with the Board Charter, sets ethical standards for each member of the Board of the Manager. The Code of Conduct guides the Directors on:
- the practices necessary to maintain confidence in the Manager’s integrity; and
- the responsibility and accountability of individuals for reporting and investigating reports of unethical practices.

The Code of Conduct and Board Charter are available on www.fonterra.com in the ‘Investors/Fonterra Shareholders’ Fund’ section under the heading ‘Charters and policies’ and was last reviewed in March 2023.

While the Manager has no employees, Fonterra has Whistleblower procedures in place which apply to Fonterra employees who provide services to the Fund.

Securities Trading Policy and Standard
The Manager has adopted Fonterra’s Securities Trading Policy and Securities Trading Standard that detail the rules for trading in units and other securities of Fonterra. The Policy and Standard are available on www.fonterra.com and apply to Directors of the Manager and Directors, officers, employees and contractors of Fonterra in addition to legal prohibitions on insider trading in New Zealand and Australia.

Directors’ Unit Holdings
The Independent Directors of Fonterra who are also appointed to the Board of the Manager are prohibited from acquiring any relevant interest in units. The other Directors of the Manager may acquire units, and to the extent any units are acquired, these acquisitions will be disclosed to the market as required by law.

Principle 2: Board Composition and Performance

Board Charter
The Board has statutory responsibilities for the affairs and activities of the Manager and the Fund.

The roles and responsibilities of the Board are set out in its Board Charter. Its roles and responsibilities include:
- monitoring the performance of the Fund and the implementation of its objectives;
- monitoring compliance with the legal and regulatory requirements and ethical standards; and
- monitoring compliance with, and ensuring that unitholders’ interests are managed and protected in accordance with, the constituent documents for Trading Among Farmers as they relate to the Fund.

Given the Fund’s limited operational activity, the Manager has limited discretion in respect of the day-to-day management of the Fund. To the extent that any material exercise of discretion or other decision-making authority is required, that discretion or authority is exercised by the Board.

The Board seeks independent professional advice when it considers that appropriate. Fonterra pays the costs of independent professional advice in accordance with the Authorised Fund Contract.

The Board Charter is available on www.fonterra.com in the ‘Investors/Fonterra Shareholders’ Fund’ section under the heading ‘Charters and policies’.

Board Appointments
The constitution of the Manager provides for five Directors and sets out how they are appointed.

In accordance with the procedure set out in the Trust Deed, unit holders are entitled to elect three Directors (Elected Directors) and may remove and replace any Elected Director.

The three Elected Directors must be ‘Independent Directors’ for the purposes of the NZX Listing Rules. At the date of this statement the three Elected Directors are Mary Jane Daly, Carlie Eve and Alastair Hercus. One Elected Director is required to retire at each annual meeting of the Fund. The Chair of the Board must be one of the three Elected Directors. Mary Jane Daly is the Chair.

The remaining two Directors are appointed, and can be replaced, by Fonterra. There is no requirement as to who the Fonterra-appointed Directors must be. While they need not be Directors of Fonterra, the current people that Fonterra has appointed (Andrew Macfarlane and John Nicholls) are both Directors of Fonterra.

John Shewan the former Independent Chair, Kim Ellis a former Independent Director and Donna Smit a former Fonterra-appointed Director, all retired in November 2022.

Skills required of a Director on the Board of the Manager include governance experience, preferably of a listed entity, financial and capital markets knowledge, an understanding of co-operatives, and risk management experience. Each Director on the Board in the 2023 year possesses these skills and experience.

The Manager has written agreements with each of its Directors.

Disclosure
Information about each Director (including experience, length of service, independence and ownership interests and attendance at Board meetings) is disclosed below or in the ‘Our Board’ section of this annual report.

In addition to the above, all members of the Board attended the Annual Meeting of unit holders, held on 14 November 2022.

Diversity Policy
Given the small size of the Board, and as Directors are either elected by unit holders or appointed by Fonterra, the Manager has not followed recommendation 2.5 of the NZX Code and has not implemented a gender diversity policy for the Board.

See the table under the ‘NZX Diversity Reporting Requirements’ section of this annual report, which provides a quantitative breakdown as to the gender composition of the Board of the Manager and Officers of the Manager as at 31 July 2023.

Director Training
Directors are expected to keep themselves abreast of changes and trends in the economic, political, social and legal climate generally. Directors are also expected to keep up to date with governance issues.

The Manager on an ad-hoc basis requests the Management of Fonterra to provide Fonterra-specific training to remain current on how best to perform their duties as Directors of the Manager.

Performance Assessment
The Board assesses its performance against its role and the Board Charter and the performance of the Audit and Risk Committee against the Audit and Risk Committee Charter.

Director Independence
As at 31 July 2023, the Board of the Manager comprised five Directors. The Board has considered which of the Directors are Independent Directors for the purposes of the NZX Listing Rules and has determined that, as at 31 July 2023, Mary Jane Daly, Carlie Eve and Alastair Hercus are Independent Directors.

As such, a majority of the Board of the Manager are ‘Independent Directors’ for the purposes of the NZX Listing Rules.

The factors relevant to determining whether a Director is an Independent Director are the criteria in the NZX Listing Rules for Independent Directors, including having regard to the factors described in the NZX Code that may impact Director independence.

Division of Roles
In accordance with the Trust Deed the Chair of the Board must be one of the three unit holder Elected Directors, who are required to be Independent Directors.

The Manager does not have a CEO, so recommendation 2.9 of the NZX Code that the Chair and CEO must be different people is not applicable.

Company Secretary
The Company Secretary for the Manager is currently Fonterra’s Director of Legal and has a direct line of communication with the Chair of the Board (and by default, the Audit and Risk Committee (which is the Board)).

The Company Secretary is not paid by the Manager.
Corporate Governance Statement CONTINUED
FOR THE YEAR ENDED 31 JULY 2023

Principle 3: Board Committees

Audit and Risk Committee
The Board acts as the Audit and Risk Committee for the Fund. The Chair of the Audit and Risk Committee is the Chair of the Board. Due to the limited nature of the Fund’s operations, the Board does not consider it necessary to comply with recommendation 3.1 of the NZX Code to have a separate Chair for the Audit and Risk Committee.

The Board acting as Audit and Risk Committee is responsible for:

- providing oversight in relation to financial reporting and regulatory compliance; and
- reviewing financial reporting processes, internal controls, the audit process and the process for monitoring legal and regulatory compliance.

The Manager has implemented a formal Audit and Risk Committee Charter which sets out the responsibilities of the Audit and Risk Committee in full and establishes a framework for the Fund’s relationship with its external auditor. The Audit and Risk Committee Charter is available at www.fonterra.com in the ‘Investors/Fonterra Shareholders’ Fund’ section under the heading ‘Charters and policies’.

Under the Trust Deed that governs the Fund, Fonterra’s external auditor is also appointed as auditor of the Fund unless Fonterra requires a different auditor. The Board of the Fund oversees the work of the external auditor and also acts as a forum for communication between the Board and the auditor where appropriate. The Audit and Risk Committee asks the external auditor to attend the annual unit holder meeting and be available to answer questions relevant to the financial statements.

Remuneration Committee
Given the small size of the Board and the fact the Fund has no employees, the Manager has not established a separate Remuneration Committee and therefore has decided not to follow recommendation 3.3 of the NZX Code.

Under the Authorised Fund Contract, Fonterra is responsible for the payment of all director fees payable to the Directors of the Manager. The remuneration of the Directors of the Manager may be reviewed and adjusted from time to time.

Nominations Committee
Given the small size of the Board, the Manager has not established a separate Nominations Committee to recommend director appointments to the Board and therefore has decided not to follow recommendation 3.4 of the NZX Code. The Board is appointed in accordance with the Trust Deed and the constitution of the Manager. The Board is responsible for establishing the criteria for determining the suitability of potential Elected Directors and recommending persons suitable for appointment to the Board.

Other Committees
As recommended by recommendation 3.5 of the NZX Code, the Board considered whether it is necessary or appropriate to have any other Board Committees as standing committees. Given the Fund’s limited operational functions, the Board decided it was not appropriate to have any other Board committees as standing committees.

The Board subcommittee (comprising of the independent directors on the Board) that was established by the Board in May 2021 to consider the implications of Fonterra’s capital structure ceased following the implementation of Fonterra’s Flexible Shareholding structure. The subcommittee did not meet during the 2023 reporting period.

The Board has established a subcommittee of the independent directors of the Board (the Capital Return Committee) to, on behalf of the Manager, consider the proposed capital return (“Capital Return”) by Fonterra, and provide input and feedback to, and engage with Fonterra and its management and advisors, and The New Zealand Guardian Trust Limited, the supervisor and trustee of the Fonterra Shareholders’ Fund, and its management and advisors, in connection with the proposed Capital Return. The subcommittee met once during the 2023 reporting period, and all Independent Directors attended.

Takeovers Policy
Given the Fund cannot have any controlling interest in Fonterra, the Manager has not established protocols that set out the procedure to be followed if there is a takeover offer for the Fund (as contemplated by recommendation 3.6 of the NZX Code).
Principle 4: Reporting and Disclosure

Continuous Disclosure

The Board aims to ensure that unit holders are informed of all major developments affecting the Fund. Information is communicated to unit holders through NZX and ASX announcements, the Fund’s annual report and half and full-year results announcements.

Fonterra and the Manager have entered into an arrangement to co-operate with each other and take all steps reasonably required to ensure that information to be disclosed by either of them under the listing rules of the Fonterra Shareholders’ Market, the NZX Listing Rules or the ASX Listing Rules (as the case may be) is disclosed simultaneously to the Fonterra Shareholders’ Market, the NZX Main Board and ASX in relation to the Fund. It is intended that where NZX, as market operator of the Fonterra Shareholders’ Market, receives information provided by Fonterra for release under the Fonterra Shareholders’ Market, NZX simultaneously releases the information under the code relating to the Fund. This process is intended to be automatic.

The Manager does not consider it necessary to comply with recommendation 4.1 of the NZX Code and to have its own continuous disclosure policy. Due to the relationship between units and Fonterra shares, the majority of continuous disclosure announcements are made by Fonterra in relation to matters affecting Fonterra and the value of Fonterra shares (and by implication the value of units).

Website Disclosure

At present the Fund has the following documents available on www.fonterra.com relating to its governance:

- Board Charter
- Audit and Risk Committee Charter
- Code of Conduct
- Fonterra Group Securities Trading Policy and Securities Trading Standard
- Trust Deed
- A summary of key entitlements for unit holders and the Maximum Holding Restriction
- Fund Prospectus and Investment Statement
- Summary of NZX Waivers

Financial and Non-Financial Reporting

The Manager partially complies with recommendation 4.3 of the NZX Code in that it provides financial reporting that is balanced, clear and objective.

Given the Fund’s limited operational functions, the Manager does not consider it necessary to comply with that aspect of recommendation 4.3 of the NZX Code that recommends it provide non-financial disclosures annually.
Corporate Governance Statement  CONTINUED
FOR THE YEAR ENDED 31 JULY 2023

Principle 5: Remuneration

Neither the Manager nor Fonterra award options or provide for retirement benefits to directors. No special exertion benefits, additional to director fees, are or will be paid without unit holder approval. As the Manager does not have any employees, it cannot provide any golden parachutes/golden handshakes to executives. The Manager also does not provide any special retirement allowances or the likes to departing directors.

Further details of the Directors’ remuneration are contained under ‘Directors’ Remuneration’ within the Statutory Information section.

Remuneration Policy

Given the small size of the Board, the fact that the Fund has no employees or CEO, and in light of the arrangements with Fonterra around director remuneration, the Manager has decided not to comply with recommendations 5.2 and 5.3 of the NZX Code.

Principle 6: Risk Management

The Board is responsible for the risk management of the Fund, including:

– reviewing the principal risks contained in the risk profile of the Fund on an annual basis;
– ensuring that a risk management framework is established which includes policies and procedures to effectively identify, treat and monitor principal business risks, including consideration of internal audit;
– at least annually assessing the effectiveness of the implementation of the risk management system; and
– monitoring compliance with the risk management framework.

Given the Fund’s limited operational functions, its general risk and health and safety risk profiles are limited. The management of risks relating to Fonterra’s operations and which may affect the value of Fonterra shares and dividends (and therefore the value of units and distributions flowed through to unit holders) is a matter for the Board and Management of Fonterra and is beyond the control of the Manager Board. On this basis, the Manager has decided not to follow recommendations 6.1 and 6.2 of the NZX Code.

To the extent that there are risks that specifically impact the operation of the Fund, the Board reviews the management of those risks at quarterly intervals. Specific areas of risk reviewed are:

– Regulatory compliance
– Investor confidence
– Data security
– People (Fonterra employees responsible for day-to-day operations of the Fund)

Principle 7: Auditors

External Audit

The Audit and Risk Committee Charter provides a framework for the Fund’s relationship with its external auditor. Under the Trust Deed that governs the Fund, Fonterra’s external auditor is also appointed as auditor of the Fund unless Fonterra requires a different auditor. The Board of the Fund oversees the work of the external auditor and also acts as a forum for communication between the Board and the auditor where appropriate.

KPMG has been appointed the external auditor for four consecutive years. The lead audit partner has served for four consecutive years.

The appointed external auditor has historically attended the annual unit holder meeting, and the lead audit partner is available to answer relevant questions from unit holders at that meeting.

Internal Audit

Due to the nature of the Manager’s role as a manager of a fund with limited operational activity, recommendation 7.3 of the NZX Code has not been followed and the Manager has no formal or informal internal audit functions.
Corporate Governance Statement CONTINUED
FOR THE YEAR ENDED 31 JULY 2023

Principle 8: Unit Holder Rights and Relations

Investor Centre Website

Fonterra maintains a dedicated investor webpage at www.fonterra.com under ‘Investors’. This website is an important part of the Manager’s communication with unit holders. It contains financial information, current and historical annual reports and presentations, dividend and distribution information and other relevant information pertaining to the Fund. The website is freely accessible to the public and is updated regularly.

Electronic Communications

The Manager provides an Investor Relations email address which provides unit holders a mechanism by which they can communicate electronically with the Manager on any matters relating to their investment. All unit holder-related enquiries are provided with a response within a reasonable timeframe.

Investors who have provided the Manager with an email address will be sent annual and interim reports electronically unless they expressly opt to receive hard copy reports and will receive other communications electronically where requested. Unit holders are strongly encouraged to provide an email address.

Voting

Under the Trust Deed the Manager and Fonterra need to comply with the provisions of all applicable Listing Rules before taking action affecting the rights attached to any unit.

Capital Raising

As the Fund has not sought additional equity capital during the year, the Board has not needed to follow recommendation 8.4 of the NZX Code which recommends the new equity capital raising be undertaken on a pro rata basis.

Unit Holder Meetings

Mechanisms are in place to promote effective two-way communication with unit holders and to encourage their participation at unit holder meetings, including:

- the Manager releasing to the NZX Main Board and ASX market announcements platform respectively all information sent to unit holders and will comply with the NZX Listing Rules and ASX Listing Rules with respect to unit holder communications; and
- notices of meetings, which are sent to unit holders at least 20 working days before a meeting and can be found at www.fonterra.com in the ‘Investors/Fonterra Shareholders’ Fund’ section under the heading ‘Reports and Annual Meetings Documentation’.

A unit holder may raise matters for discussion or resolution at general meetings, by giving written notice to the Manager. If the notice is received more than 25 working days before the last day on which notice of the meeting is due, the Manager is required, at the expense of the Fund, to give notice of the unit holder proposal and to provide the text of any proposed resolution to all unit holders entitled to receive notice of the meeting. The unit holder proposing the resolution has the right to prepare a statement in support of the proposal to include with the notice of meeting (clause 14.1 of the Schedule to the Trust Deed).

Maximum Holding Restriction

Under the Trust Deed, no unit holder and its associates (excluding Fonterra) can hold, or have a “relevant interest” in, more than 15% of the units on issue or 15% of the voting rights in the Fund, whichever is lower.

The Trust Deed also contains enforcement provisions to ensure compliance by unit holders with this restriction. If Fonterra determines that a unit holder is in breach of this restriction, Fonterra may determine that the unit holder is not entitled to vote some or all of the units it holds in breach of the restriction and can require that the unit holder dispose of the units held in breach of the restriction. If the units are not disposed of, the Manager or Fonterra can arrange for their disposal.
